Availability Session Scheduled Monday, March 17, 2008, from 5:00pm until 7:00pm

**At Hunter Street Elementary School Cafeteria
1100 Hunter Street, York, SC 29745**

SPX Corporation, with the oversight of the South Carolina Department of Health & Environmental Control (“DHEC” or the “Department”), has been investigating the environmental contamination at the former EFP Products facility located at 6247 Campbell Road in York, South Carolina (the “Site”). As a follow-up to our February 5, 2008, public meeting, the Department will hold an Availability Session on Monday, March 17, 2008, to talk with citizens regarding the cleanup options evaluated and the Department’s proposed plan for addressing the contamination at the Site. This Availability Session will be an informal discussion with citizens and will not be a formal presentation-styled meeting.

Public Comment Period Extended to April 7, 2008

The Department previously established March 7, 2008, as the deadline to receive public comments on the Proposed Plan. An extension has been requested and the Department has extended the comment period until **April 7, 2008**. The Department will make a final decision on the remedy only after review and consideration of any comments submitted during the comment period. The final cleanup plan that is selected will be described in the Record of Decision (ROD), which will include all public comments received along with DHEC’s response to all comments. The public is encouraged to provide written comments on or before **April 7, 2008**, to Angie Jones at:

DHEC Updates its Website

The Department recently presented the response/cleanup alternatives and the Department’s Proposed Plan at its February 5, 2008, Public Meeting. The Department’s internet website at www.dhec.sc.gov/environment/lwm/HTML/superfund_info.htm has been updated to include the following documents and figures:

1. The January 22, 2008, publication, “Proposed Plan Fact Sheet, Announcements of Public Meeting and Comment Period.
2. The Department’s February 5, 2008, Public Meeting PowerPoint Presentation.
3. The figures (maps) used during the meeting.

The Department will post the transcript of the February 5, 2008, Public Meeting on the website when it becomes available.
